

Alma Community Art Center is the place to be.....

Scaffolding has marked the spot the spot to be, that is. We are a community center for the visual arts in Alma, Michigan, offering a wide variety of art classes for youth and adults. We are located in downtown Alma on Superior Street and at the moment, scaffolding does mark the spot. Class and workshops available for December are Batik on Rice Paper, Calligraphy, Advanced Pyrography, Drawing Caricatures, and Drawing Portraits for ages 16 on up. After School Art offerings are “Superhero Art Day,” “Winter”, and “Family Tree,” for children ages 5 – 12. The classes are all led by local artists from our community area. There is something available for every interest and every age.

Our Wassenaar Art Gallery provides exhibition space for local and regional artists, and exposure to art for inspiration and education for the community. We also support artists and the Art Center through retail sales of art and handmade items from our region.

Looking for that special gift for family and friends ... the Alma Community Art Center is definitely the place to be. Right now and through Saturday, December 22 there is a juried exhibition, focused on showing the best works from local artists. All artwork will be available to be purchased on a “cash and carry” basis throughout the holiday season. New and original pieces of art, jewelry, pottery, and artisan made specialties are displayed with new pieces still arriving. Have the “difficult person to buy a special gift? Look no further Gift certificates are available which can be used for merchandise or classes. A new schedule of class offerings will be available soon so the “difficult to buy for person” can select what they would like. It might just open up an entire new and exciting world of the arts for them.

The Alma Community Art Center is open Wednesday and Thursday from 11:00 am – 7:00 pm, Friday 11:00 am – 5:00 pm and Saturday 11:00 am – 3:00 pm. Please step past the scaffolding and into the door – we know that you’ll enjoy what you see.
